

PASS Plan

- **Plan** – When I begin a new chapter or unit I should make a plan of attack to enable success. I will review previous tests and quizzes in my meeting with my teacher. I will preview the chapter so I know the things I will need to spend more time with. I will make a PASS plan for each class that has assessments.

My PASS Plan:

Class	Types of assessments (oral quizzes, chapter or unit tests, essays, projects, final exams)

- **Apply** – To assure success I must be aware of my plan. I will review and work on my plan a minimum of three times per week. These are the study techniques I will try weekly.
- **Study** – Based on previous PASS steps (Plan and Apply) these are the techniques I will use to study for tests.
- **Succeed** – After I complete my tests I will review them and see how I can improve for my next test.

English Tests	Techniques used to study	Dates studied	Expected Grade	Actual Grade	Changes to PLAN for next test
Math Tests	Techniques used to study	Dates studied	Expected Grade	Actual Grade	Changes to PLAN for next test

Science Tests	Techniques used to study	Dates studied	Expected Grade	Actual Grade	Changes to PLAN for next test
History Tests	Techniques used to study	Dates studied	Expected Grade	Actual Grade	Changes to PLAN for next test
Elective Tests	Techniques used to study	Dates studied	Expected Grade	Actual Grade	Changes to PLAN for next test
Elective Tests	Techniques used to study	Dates studied	Expected Grade	Actual Grade	Changes to PLAN for next test
Elective Tests	Techniques used to study	Dates studied	Expected Grade	Actual Grade	Changes to PLAN for next test
